

## **Kissimmee Gatorade**

### **Company Overview**

Pepsi Beverages Company (PBC) is PepsiCo's beverage manufacturing, sales and distribution operating unit in the United States, Canada and Mexico. Its diverse portfolio includes some of the world's most widely recognized beverage brands, including Pepsi, Mountain Dew, Sierra Mist, Aquafina, Gatorade, SoBe, Lipton, and Amp Energy. In many markets, PBC also manufactures and/or distributes allied brands, including Dr. Pepper, Crush, ROCKSTAR, and Muscle Milk.

At PBC, employees have an Unquenchable Spirit to delight consumers with the brands they love, to improve the communities in which they live and work, and to build exciting careers. If you're looking for a company that puts a premium on leadership, teamwork and responsibility, you belong at PBC.

Kissimmee Gatorade is the longest operating manufacturer of Gatorade. Since 1977, the facility has been committed to making the Gatorade consumers love, in a supportive results driven environment.

### **Production Supervisor**

- Coordinate all aspects of production, which includes receiving, processing, packaging, maintenance, and quality control at a Beverage Division production facility. Also assists the Plant Production Manager in developing and executing supply chain initiatives.
- Leads, trains and coordinates daily shift operations through operators, lab technicians, and maintenance to assure the manufacturing of products is consistent with quality, quantity, safety, and cost requirements.
- Facilitates problem solving and develops action plans to address line performance issues and achieve key performance indicator goals.
- Understands financial drivers in the form of budgets, cost, yields, operating plans, etc., and can schedule and manage production operations to ensure maximum production for minimum cost
- Ensures all guidelines of good manufacturing practices, FDA/USDA standards, the Environmental Control Act, and OSHA standards are in compliance. Leads health, safety and environmental processes for the production areas.
- Leads and develops a high performing work organization that maximizes employee teamwork, contributions, suggestions and decisions.
- Coordinates with other functional areas to ensure accomplishment of overall plant objectives.
- Provides for effective labor relations within the operations unit by ensuring that employment practices are fair and consistent.
- Responsible for providing TPM support to the plant and participating in AM Pillar initiatives
